SEPTEMBER TREASURY REPORT MISLEADING.

A Democratic Trick-Gen. Schofield's Successor not Appointed Secretary Lamont is Commander.

(From Our Regular Correspondent WASHINGTON, D. C. Sept. 30, '95. The democratic caclling over the ptember Treasury statement is about as silly a thing as a lot of grown men could be guilty of, when considered in connection with the actual facts, known to all those who are conversant with the situation, and easily accessible to everybody. During the month of September the receipts of the government were slightly in excess of the expenditures, but that does no mean, as some ill-informed democrats are saying, that the receipts of the government have grown to be as large as its expenditures. Not at all. The explanation, instead of being favora-ble to the administration, is decidedly the contrary. The heaviest payment of the government are made early in the quarters beginning July 1, October 1, January 1, and April 1, consequently the smallest expenditures are for the last months of the quarters, June, September, December and March. This is so to a large extent under all This is so to a large extent under all administrations, but it has been particularly so under the present, because of the system of withholding payments during the last half of the quarters for the purpose of misleading the country as to the state of the public finances. which has been such a marked feature of the Cleveland regime. Last April the receipts, under this system, ex-ceeded the expenditures. It was the same in June, the excess for that month being about \$2,000,000 more than for September, and it will doubt less be the same for December; but all the while that annual deficit has been steadily climbing, and it will continue to climb until the republican Congress takes hold and passes the legislation necessary to increase the revenues of the government through a revision of the democratic tariff law which democratic Treasury officials openly acknowledge will never provide all the money needed to run the gov-

when you wish to know the actual condition of the U.S. Treasury do not take the wayres specially juggled for any single month, but take them for an entire year. For instance on August 31, last, the democratic tariff law had been in effect for one year. Now, what sort of a showing was made during that year? Here are the figures made by democratic officials: The total receipts were \$295,061,022, and the Washington to attend Wayland Semitotal expenditures \$359,026,332. Now n very simple example in substraction will show that the deficit for the year was \$63,965,310, a sum nearly equal to what was received from that foreign This isn't partisan politics, but a state-ment of cold, hard facts. That these facts demonstrate the incapacity of ment is true, but that is only so much the worse for the democratic party, which is responsible for these disagree-

Speaking of bond issues, any one car easily ascertain by comparison of the available cash in the Treasury just be-fore the first bond issue with the amount of available cash on hand today that the three bond issues, while ostensibility made to replenish the gold reserve, were in reality made to obtain the money to meet the deficit in the recipts of the Treasury brought about by democratic misgovernment and attempts to put the country upon a free trade basis. It is no exaggera-tion to say that had the democrats when they came into power officially announced their intention to let the McKinley tariff alone, there would have been no bond issues and no panic. Although Mr Cleveland has known

from the day that General Schofield became the Commander of the Army that he would retire under the age lim itation yesterday (September 29th, 1895) he has allowed him to retire without designating his successor, and until he does the duties of Commander of Army will devolve upon Secretary Lamont, who knows less about handling troops than a newly appointed cadet to West Point. General Nelson A Miles, as the senior Major General, should be the Commander of the Army, but it is said that Mr Cleveland does not wish him to have it because he believes him to be a republican, and that he even contemplates leav-ing the position vacant in order to deprive General Miles of the honor of olding it.

Every day something turns up to accentuate the desperate condition of Senator Gorman and his ticket. The latest is the refusal of his registration officers to allow a number of republicans who own homes, valued all the way from \$1,000 to \$50,000, in Maryland, but do business in Washington to register in that state. A test case will be taken to the courts but as Gorman controls the courts largely there isn't much hope of accomplishing anything further than putting them of

HORRIBLE TRAGEDY. Mail Carrier Robbed.-Hung and Shot

Dead.

ed. Near the buggy was found the mail pouch, robbed of its contents.
No trace of Hobbley could be found,
and it was concluded he was the robber. Last Monday a human skeleton on which were still to be found parts of decayed flesh was discovered from where the buggy was found. An investigation by the coroner has developed that the remains are those of Hobbley. Some rope on a bent limb near by gave evidence of a hanging, and the presence of several empty Win-chester shells told that firearms had been brought into play. It is supposed the murderers stopped the mail carrier, demanded the sack, and on

being refused overpowered him, took him into the woods and hanged and shot him. It may be that and it may also be that according to "white supremacy" the Negro had no business to carry the mail. The post office department has offered a reward of \$500 for the arrest of the murderers.

A WORD TO A PUBLIC SCHOOL TRACHER.

Look out, we hear that you have been doing a great deal of talking at school about things which do not concern you or the school—and if we hear of it again we will see if we cannot tell you what your duties are as a teacher. We look for better things from school teachers, and leave that kind of talk to them who have never seen a school. So if you want your place teach your books and not other people's business. The work has begun. It was open ed Sunday by the Junior department, at the Fifth Street Baptist Church Rev. W. F. Graham was at his best. He pointed out many pictures which would cause any loving mother to shed tears, for they were true. The Reverend was very pathetic. We were happy to see so many fathers and mothers out. The boys gave the best of extention. beg space in your columns to state A WRONG PRINCIPLE. When Mr. Browne's request to be

paid for his "plans" became a question pefore the Grand Fountain I opposed it because I considered it totally wrong in principle. I could not then and cannot now, discern that he had any plans to sell. In my opinion, whatever system he adopted or originated for the work and business of the Order, he adopted or priginated as its paid servant. The "plans" for which he demanded pay are the result of his labor of body and brain for which we paid him a stipulated sum annually, and those "plans" were therefore ours to use 'till the "crock o' doom, with-out further liablity to Mr. Browne, is heirs or assigns.

A HOME RUN. If Mr. Browne copyrighted any part of the Reformer work or system while in the Order's service, the rights un-der that copyright should be on record at Washington as in the Order. If he copyrighted for his own benefit any of the features of the plan by which the Order is operated, he did wrong and some treatment more drastic than a 50,000 gift should have been employed necessary to bring a correction the matter. Any court in the land would have protected the Order against the pensioning of Mr. Browne, his heirs or assigns under a copyright obtained under such conditions, had he resigned or died.

THE ABSURDITY OF REV. BROWN'S POSI-TION. It requires only ordinary intelli-gence to see the absurdity of Mr. Browne's claim and the utter thought-

essness of the more than 400 delegate who voted away more than 40 delegates who voted away more than one half of the 15 years accummulation of the Order. This transaction is very bad in many ways. It has put both Mr. Browne and the Order on the defensive. Rev. Browne asked and the Grand Fountain gave a very large sun for a very questionable claim This extravagant appropriation has armed thousands of the enemies of the Order and of the race and will, I very much fear, prove a stupendous obstacle in the way of our progress.

WHAT HE SHOULD DO. I wish Mr. Browne would come ou in a card restoring the money to the Order and transferring to the Order any rights he considers he has under his copyright of any of its plans I have been glad to speak well of Mr.

but his recent conduct in acceptin more than one-half the Order's wealt as a token of the appreciation of a body of well meaning but misguided dele gates, was unwise, unbusiness-like and

THE FINAL CONCLUSION. I was wont to regard Mr. Browne as

have said out of a deep sense of a duty I owe an institution, which I feel if wisely and unselfishly managed is unbounded in its possibilities, for good to Mrs. Bettie Thomas Lewis, the race, but if NOT SO MANAGED will John E. Taylor, prove worse than a FAILURE.

Very respectfully,

F. D. BANKS.

September, 30, 1895.

I find in our own vicinity a wide field for the minister, deacon, Sunday-school teachers and all others who try to aid in lifting the young men and young women to a higher aim in life, to work in. But before referring to the young men and women, let us look at the boys and girls from seven and twelve years old. It seems as though they have no one to instruct them as to how they should spend their idle time. Consider fathers and mothers that these are the future men and women of your race and it should be our duty to protect and guide them until they have reached that age than can let them con

We may from the above mentioned hour until eleven or twelve o'clock, see them strolling the streets in company with young men of questionable character. It does not become any young girl to visit the merry-go-round any later than six in the evening, but you may find the small child there until ten o'clock at night, asking men for money to ride regardless who the man may be.
